

COMCAST - Staying Connected During Coronavirus

As our country continues to manage the COVID-19 emergency, Comcast is taking immediate steps to make it easier to connect low-income families to home Internet. New Internet Essentials customers will receive **two free months** of Internet service if they apply by **April 30, 2020**. After promotion, regular rates apply.

For all new and existing Internet Essentials customers, the speed of the program's Internet service has increased to 25 Mbps downstream and 3 Mbps upstream.

Households with outstanding debt owed to Comcast may be eligible for Internet Essentials. We are waiving this qualification if you apply and are approved by **5/13/20**. After 5/13/20, standard eligibility rules apply.
